

TECHNICAL DATA SHEET

WINDOW TRIMS: White and Colours

- Freefoam manufacture a range of PVC-UE window trims designed to finish around windows and doors.
- The range features Architrave, Quadrant, Batten, D Section, Fillet and Rigid, Hollow and Flexi Angles.
- Freefoam window trims are available in White and Anthracite Grey PVC colours. There is a wide range of woodgrain foiled finishes also available. See the Technical Data Sheet for the woodgrain foiled trims.
- The two-part co-extrusion process yields boards made of a cellular foam core (PVC-UE) with a top coating of rigid PVC to give its smooth, protective and hardwearing skin.
- Window Trims are available in a range of sizes. For full production specification, CAD and PDF files go to freefoam.com/professional/project-support

Standard	Characteristic	Result
EN 13245	Mechanical Resistance	(0,5)
EN 13501-1	Reaction to Fire	D-s3, d2/AHM
EN ISO 178	Flexure Strength	≥ 15 MPa
EN ISO 178	Flexure Modulus	≥ 500 MPa
EN479	Heat Reversion	100°C
EN478	Heat Ageing	150°C/30 minutes (no bubbling, cracks, delamination)

Quality System

The Quality System is certified to ISO9001:2015 by SGS.
The manufacturing site is audited by SGS each year.
